

Trust what works & keep costs down

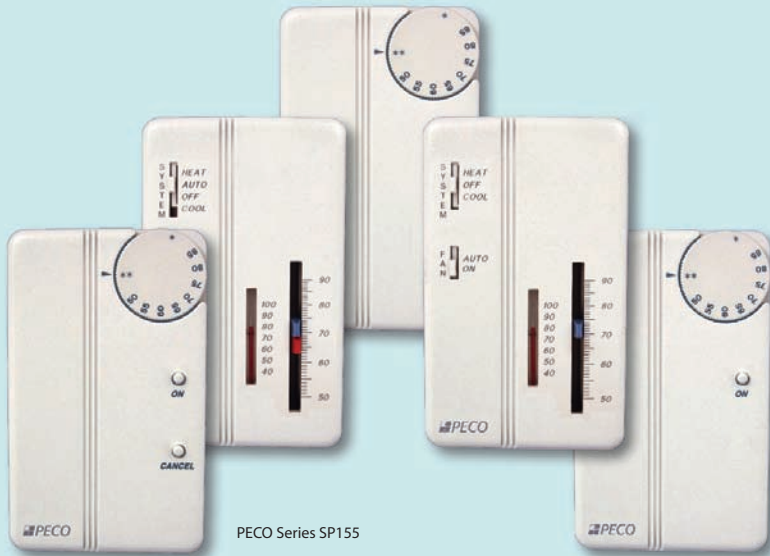

With more than three million PECO manufactured zone sensors installed, HVAC professionals can be assured that each PECO Series I55 Zone Sensor comes with proven reliability and seamless integration into Trane commercial thermal control applications. These high-quality Trane compatible zone sensors have become the steadfast, best-value choice.

Today, this family of commercial zone sensors is available at manufacturer-direct pricing. Giving you, and your customers, a tremendous price advantage.

PECO SPD 155-008

"...half the cost
of Trane zone sensors."

PECO Series SP155

PECO Series I55 commercial building zone sensors are engineered to work within Trane's VariTrac zoning, Tracer Summit building control and Voyager unitary climate systems. These best-value sensors enable HVAC professionals to deliver excellent control, monitoring, energy management and equipment diagnostic functions to a centralized controller.

For more than 20 years, PECO has been manufacturing high-quality sensors and controls, delivering technologies that allow HVAC enterprises to provide superior solutions to their customers.
